To My Patients:

I'm pleased to announce that on April 1, 2020, I will be joining The Woman's Health Pavilion, an obstetrical and gynecological group with offices throughout Nassau and Queens.

I want to assure each of you that I have no immediate plans to retire. My office in Massapequa will still be open and my office hours will stay the same. You'll still make your appointments using the same telephone number. I'll be here to attend to you during your visits and my staff will still be here to serve your needs. There may be some new faces but my core staff will remain intact.

You will notice some differences. You'll get texts and emails confirming your upcoming appointments. You'll need to fill out some new forms when you come in. When I am not available in the office or after hours, you may meet one my covering physicians. Your billing statements will look a little different.

I have worked with the physicians at The Woman's Health Pavilion for over 20 years. I know that they are committed to high-quality patient care and I expect the merging of our practices will be a positive experience for you. There will be some hiccups as we integrate our processes this year, but we will do our very best to make this a seamless transition.

To learn more about the group that I will be joining, have a look at our website: www.ilovemygyn.com. If you're due for a check-up, feel free to call.

I look forward to seeing you in the office.

Best regards,

Timothy Brown, M.D.
